

# Supplier's declaration of conformity

*based on DIN EN ISO 17050-1*

We, the company

GEMÜ Gebr. Müller Apparatebau GmbH & Co. KG  
Fritz-Müller-Strasse 6-8  
74653 Ingelfingen-Criesbach, Germany

confirm that the GEMÜ Code 54 and Code 5M products are intended to come into contact with foodstuffs.

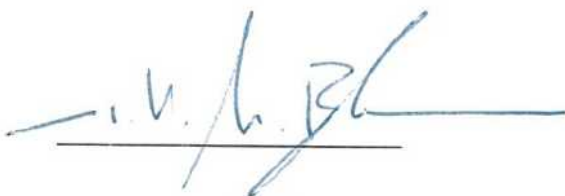

The products comply with the current version of the following regulations or regulatory codes:

- Japanese Food Contact Material Act

The defined maximum limit values in accordance with the aforementioned directive have been proven in extraction tests and are complied with.

The product listed above is suitable for all food contact.

Any restrictions derived from the information contained in the technical documentation relating to the maximum storage time and the temperature limits shall also apply.
